

DANCING WITH THE STARS AND STRIPES

Funds generated through this event go to assist VRC in the fulfillment of its mission of helping disabled and homeless Veterans and their families from all eras. VRC provides the following services:

- Homelessness Prevention and Re-Housing
- Employment and Training Program
- Transitional Housing
- Behavioral Health Treatment
- Permanent Supportive Housing
- Nutrition Services
- Case Management
- Resource Centers
- Advocacy for Veterans

Most of our funding comes from State and Federal grants and the use of the resources are very restricted. Our homeless veterans often have needs not provided for through these sources. VRC struggles to meet all the Veteran needs that the VA does not address and most importantly, we also act as an advocate for Veterans in accessing the VA system. We're a community-based Veterans service organization formed by Veterans in 1972, historically recognized by the U.S. White House as a national model for effective service to Veterans and their families in the nation. We are certified by the Commission on Accreditation of Rehabilitation Facilities (CARF) and provide the highest standard of care.

For questions, please visit our website: www.vetsresource.org

Anyone has the ability to access our IRS 990s through our website and/or at Guidestar.org.
